KIDS COMICS MONTH

Whether you're young or old, regardless of your tastes and interests, there's no denying the appeal of a well-written, well-drawn comic book or graphic novel. This month ***PREVIEWS*** celebrates Kids Comics throughout the issue with plenty of new and backlist titles available. We've called out a few top titles from 2016 on our special Kids Comics spread on pages 28-29, but there are plenty more to be found throughout our Comics and Books sections — just look for the KIDS COMIC icon!

GENE YANG: READING WITHOUT WALLS

Gene Yang is best known for his works *Boxers, Saints, American Born Chinese*, *Secret Identities*, and *Secret Coders*, which have earned him countless literary nominations and awards for their value as a literary work in education, including being listed as a *New York Times* best-seller, a nomination for the National Book Award, and winning several Eisner awards. Recently named the fifth "National Ambassador for Young People's Literature", Gene has used this position to empower students through the art of reading in educational and entertaining ways, including his official platform **Reading Without Walls** (which challenges people to read something they wouldn't normally choose on their own). We spoke with Gene about how this platform has grown and continues to flourish into 2017, and its impact on young readers everywhere.

KIDS ARE COMICS' NEXT GENERATION!

I've been reading comics since the early 1970s, and I've grown up in the hobby (and the business). There are plenty of people like me, who started reading comic books years ago, well before the era of the local comic shop, and stuck with it until today. There's also plenty of folks who may have dipped a toe into the comics pool, and gotten out years ago… their time in the hobby a pleasant memory of favorite characers and storylines, but that's all.

> ***"Kids are the next generation of comic readers, and it's up to all of us to pass on the comic book "bug"""***

Kids are the next generation of comic readers, and it's up to all of us find the brothers, sisters, nieces and nephews, neighbors, and total strangers(!) to pass on the comic book "bug". We need to nurture and help them to find our hobby, get in, and not get lost along the way. With our *Kids Comics* month, we present many great graphic novels and trade collections of material that is perfect for young readers; great introductory stories that will get them into the comics hobby, and hopefully turn them into new fans and collectors.

Gene Yang (our featured interview on this issue's FLIPSIDE!), the award-winning graphic novelist and creator of *American Born Chinese*, was recently named the fifth National Ambassador for Young People's Literature. He's used his newfound role to help encourage young people to read in more educational and entertaining ways through his official platform, **Reading Without Walls**. Not just a simple reading program for youngsters, **Reading Without Walls** asks them to explore outside their reading comfort zones, and challenges them to read something they wouldn't normally choose on their own. It's one comics creator's way to inspire the next generation of readers.

There's plenty more *Kids Comics* titles to choose from to start kids and young people off on a lifetime of reading, not just comics, but everything under the sun. Check out some of our top *Kids Comics* recommendations on pages 28-29, or elsewhere throughout this issue.

SORA

Release: APRIL 2017 SRP $49.99
STL034924

We are pleased to present this six-inch figure of KINGDOM HEARTS protagonist, Sora! Carefully designing both the sculpt and paint work, our designers were very particular about how best to breathe life into a figure constrained to its smaller six-inch scale. Each material and texture was painstakingly considered during the molding process. To emphasize those subtle details, our artists added a rich layer of patina and delicate detailing to make every inch of the figurine's surface pop. They also differentiated the paint texture itself, varying application methods between cloth and metal, for example, adding even more value to the overall look and feel of the figure.

All these elements and more come together to beautifully showcase the fantastic visual impact of KINGDOM HEARTS!

The Overstreet Guide to Collecting Video Games Now in Stores

The Overstreet Guide to Collecting Video Games shines a light on the growing hobby. It showcases different facets of collecting, including by developers, console, and franchise. The history of video games is unlocked, how to spot counterfeit merchandise, how to maintain arcade cabinets, and how to preserve and store games. There are interviews with collectors that provide tips on collecting and offer insight into the hobby.

"I think that game collectors, regardless of their experience in the hobby, will be able to learn something new from this book," said Carrie Wood, Gemstone assistant editor and lead author of the book.

Johnny Sorrow's Face of Evil

Johnny Sorrow – created by Geoff Johns, David Goyer, and Phil Winslade – debuted in *Secret Origins of Super-Villains 80-Page Giant* #1 in 1999. Formerly a silent film actor, Sorrow turned to crime. After stealing a Subspace Prototype, Sorrow harnessed the ability to become intangible and warp through dimensions.

But, an altercation with the JSA destroyed the prototype. Sorrow was torn apart and hurled into another fractional dimension, one of the Subtle Realms. The King of Tears revived Sorrow and gave him a golden mask to contain his new form. Sorrow's true face, warped beyond belief, became instantly fatal to all who saw it.

- Bad Doings & Big Ideas Deluxe HC (JUL110285)
- Legenderry: A Steampunk Adventure TP (NOV141321)

Please tell us a bit about yourself!

I'm a writer of comics and prose, who once long ago also drew comics... and may do so again — but don't hold your breath. I'm probably best known for creating two series: *Fables*, from Vertigo, and *Elementals*, from Comico, a publisher long departed. I live in Minnesota in the woods.

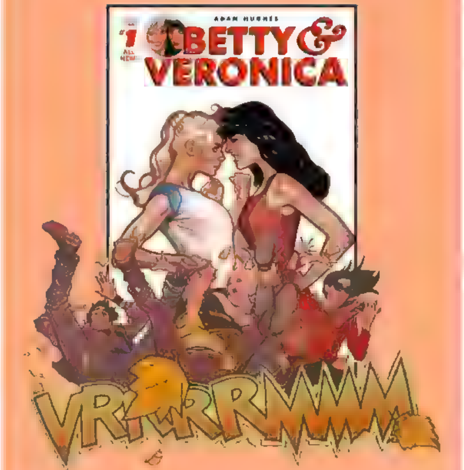
What are your favorite projects you've contributed to over the past decade?

I wrote *Fables* (*DLX Ed. Vol. 1 HC*—MAY090235), which ran for 150 issues, as well as several specials, original graphic novels and various spin-offs. Although the series has concluded, the hardback collections are still coming out. *Bad Doings and Big Ideas* (JUL110285) is a collection of all of the non-*Fables* stories I've written for Vertigo over the years. *Legenderry* (NOV141321) is a steampunk (I hate that word, even as I like the subgenre) reimagining of many well-known characters of adventure fiction, inhabiting a common world called "Legenderry" (of course). It has been collected in a single volume and is still available from Dynamite Entertainment.

What are you currently working on?

A series about to come out from Dynamite called *The Greatest Adventure*. Since all of the heroes created by Edgar Rice Burroughs inhabited the same fictional universe, and often interacted in his various novels, I decided to bring as many of them together into a single crew of a remarkable space-faring ship (of Barsoomian design) to go on the ultimate adventure — in the spirit of Jason and the Argonauts (or *The Golden Fleece*, if you prefer the classic title). There are also, at last count, seven other novels and comic series on the threshold of being announced, but since they aren't announced yet, I'll stay mum. Do please watch for them sometime within the year!

What fun titles are you reading?



Since you limited me to only mentioning three, this won't exactly be a comprehensive list. *Betty and Veronica* (#1A—MAY161104), from Archie Comics, is currently being written and drawn by Adam Hughes. It's marvelous and not only for its art. *Mae* (*Vol. 1*—SEP160067) is an ongoing series of graphic novels, written and drawn by Gene Ha and published by Dark Horse. It's a portal adventure and clearly a work of love from Gene, who's doing the best work of a stellar career. *Ragnarok* (*Vol. 1 HC*—AUG150450) is an ongoing comic series written and drawn by Walter Simonson. It takes place in the post-destruction worlds of Norse myth and it's glorious. It's all about what happens after the end of the world.

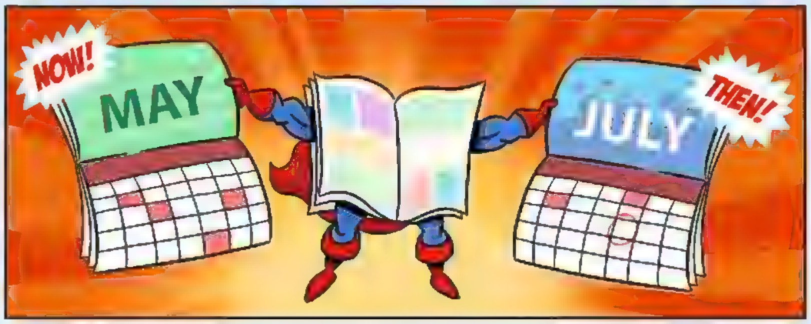
"A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

What's Cool in this Month's Catalog!

February 2017 | Edited By: **Allyn Gibson** | editor@**PREVIEWS**world.com

KITTY PRYDE LEADS THE *X-MEN GOLD TEAM*

A new era dawns for Earth's mutants – and those who fight for them in a world that hates and fears them – this April in Marc Guggenheim and Ardian Syaf's *X-Men Gold* from Marvel Comics!

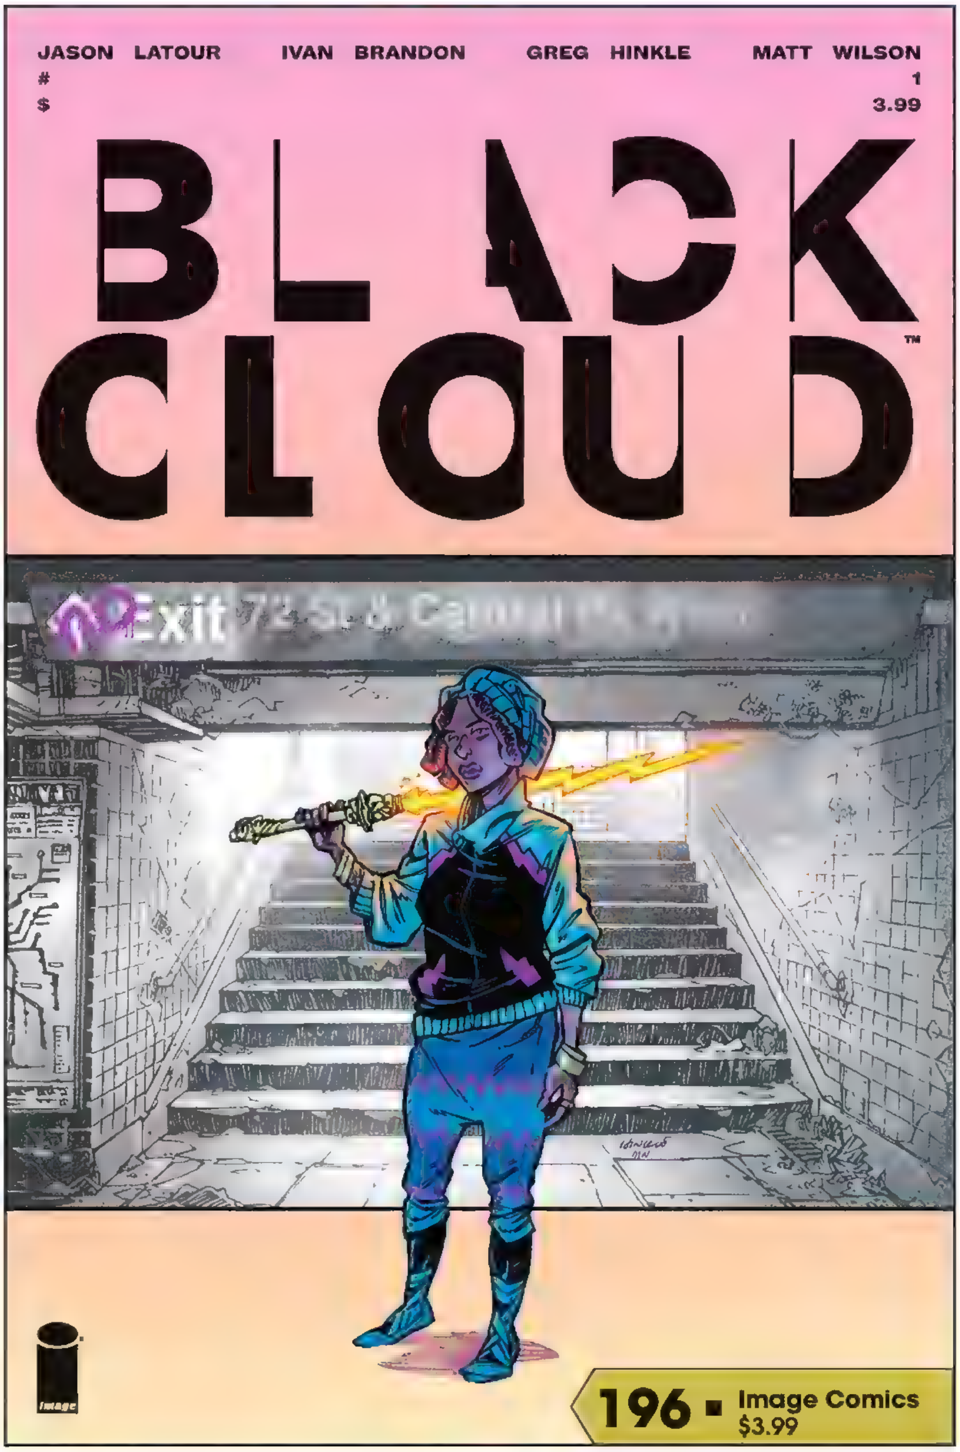
Forced into the shadows due to the Inhumans' Terrigen Mist cloud and threatened with extinction, the X-Men waged a desperate struggle against the Inhumans in *Inhumans vs. X-Men* to reclaim their place among the pantheon of Marvel Universe heroes. Emerging from the battle, a new team of X-Men arise with a renewed purpose, offering classic action and iconic characters for the 21st-century!

Kitty Pryde, returned from space, assembles a team of some of the greatest X-Men of all time — Storm, Colossus, Nightcrawler, Old Man Logan, and Prestige. Under Kitty's leadership, as X-Men Gold they are determined to become Earth's premier super-hero team, protecting the downtrodden and the oppressed, defending the world against threats both local and cosmic, and showing the world that mutants will stand up for injustice, even injustices against those who would oppress them.

Marc Guggenheim returns to the X-Men and is joined by artist Ardian Syaf to inaugurate a new era of mutant action and adventure. *X-Men Gold* boasts impressive action and powerful characterization, harkening back to the classic X-Men style of the past with the widescreen action of the 21st-century. The result is the perfect jumping-on point for new readers as well as a fresh beginning for long-time X-Men fans!

Kitty Pryde calls together the legendary X-Men for a new era of adventure in *X-Men Gold* #1, and it comes your way this April!

Featuring a line-up of classic X-Men, X-Men Gold is the dawn of a new era for Marvel Comics' mutants!



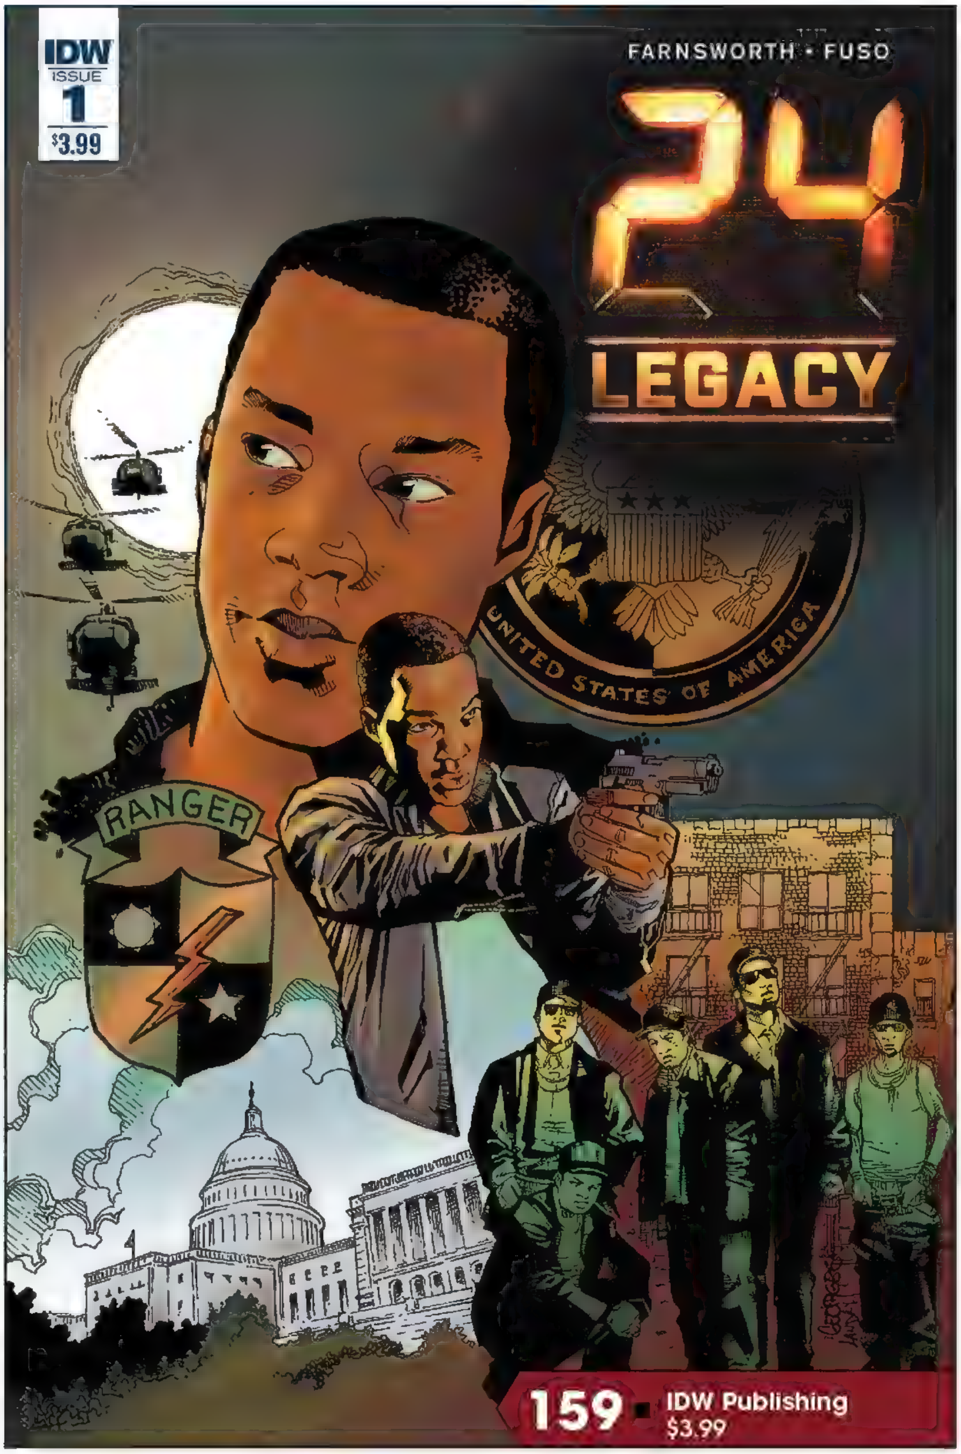
AN EXILE FROM A WORLD OF MAGIC ENTERS OUR WORLD IN BLACK CLOUD

In another world suffused with magic, a world where dreams become reality, a tragedy befell when the dreams waged war with one another and left a wasteland of shattered dreams. A refugee from that world has crossed through the dimensions to enter our world, and now she must find a way to live in a world without magic in Image Comics' *Black Cloud*.

Zelda has found peace in our world, but she is not the only thing to bleed through from her world into ours. Pieces of shattered dreams have come through as well, and they are falling into the hands of the very rich and the very powerful who put them to use. Left broken by her own experiences as her world fell apart, Zelda must become a hunter of the shattered dreams before they can destory our world!

Written by Jason Latour and Ivan Brandon with art by Greg Hinkle and Matt Wilson, *Black Cloud* is a powerful urban fantasy from Image Comics that comes your way this April!

SHARDS OF MAGIC HAVE INVADED OUR WORLD,
AND AN EXILE FROM THE WORLD HUNTS THEM TO SAVE US!



THE 24 STORY CONTINUES IN *24: LEGACY*

This February FOX's fan-favorite television series returns in *24: Legacy*, featuring a new agent of the Counter Terrorist Unit, Eric Carter, as former Army Ranger who left the military and has found a new mission countering terrorist threats in Washington, DC.

IDW Publishing brings Carter to comics in their new *24: Legacy* series! Focusing on Carter's career in the Army in Iraq and the aftermath of a notorious operation that made him a national hero, *24: Legacy* shows how Carter's experiences shaped him into the man who protects the country in the new FOX television series. Overseen by series producers Manny Coto and Evan Katz and written by Christopher Farnsworth, the writer of the supernatural political thriller *The President's Vampire*, *24: Legacy* is an essential story for any fan of the 24 franchise!

THE SHAOLIN COWBOY RETURNS IN DARK HORSE'S NEW SERIES

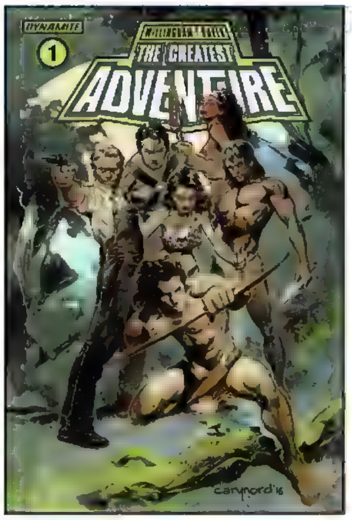
Geof Darrow's The Shaolin Cowboy returns this spring in a new Dark Horse Comics series, *The Shaolin Cowboy: Who'll Stop the Rain?*

Long banished from his monastery, the Shaolin Cowboy wanders the countryside with his talking mule performing good deeds while he is pursued by bounty hunters who seek to collect a cash reward placed on the head of the Shaolin Cowboy. But his skills in martial arts are unparalleled, and those who would prey upon him often find themselves hunted and humbled by the Shaolin Cowboy in violent combat!

He may have the peaceful demeanor of a fallen monk, but the Shaolin Cowboy can mete out violence with the best of them, and he will be put to the test in Dark Horse Comics' new mini-series! Geof Darrow returns to the character in *The Shaolin Cowboy: Who'll Stop the Reign?*, a four-issue mini-series that sees the titular character battle an old nemesis as he continues his journey across the land.

Action-packed, absurd, and over-the-top, his journey resumes in *The Shaolin Cowboy: Who'll Stop the Reign?*

GEOF DARROW RETURNS WITH A NEW SHAOLIN COWBOY SERIES!



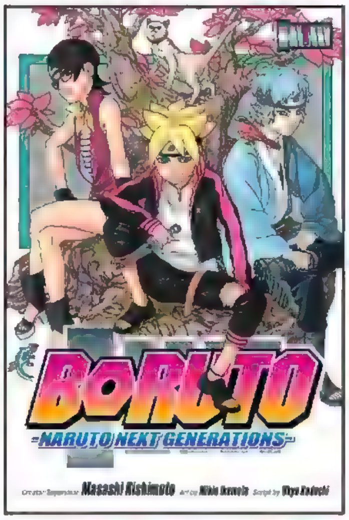
337 ■ **Dynamite Ent.** $3.99

EDGAR RICE BURROUGHS' CREATIONS EMBARK ON *THE GREATEST ADVENTURE*

A century ago, a writer from Tarzana, California created some of pulp fiction's most enduring characters – Tarzan of the Apes, John Carter of Mars, Carson of Venus, and many more. His name was Edgar Rice Burroughs, and in some of his works, such as Tarzan at the Earth's Core, characters from one of his series would interact with the characters or settings of another. This spring, Dynamite Entertainment brings the worlds of Edgar Rice Burroughs together in a singular story, *The Greatest Adventure!*

Jason Gridley, an early 20th-century radio operator who contacted John Carter on Mars, brings together Burroughs' characters for an adventure that will take them through time and space to battle a threat that may well destroy all of the worlds! Written by Bill Willingham (Fables) and illustrated by Cezar Razek, sporting a cover design reminiscent of the 1970s Del Rey paperbacks of Burroughs' work, *The Greatest Adventure* is a paean to the works of the influential author as Burroughs himself might have done!

MEET NARUTO'S SON IN VIZ MEDIA'S *BORUTO*

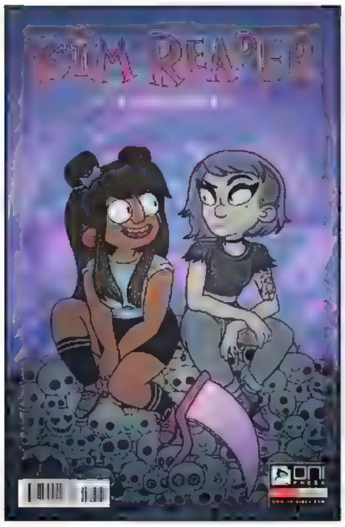


451 ■ **Viz Media** $3.99

Sons sometimes struggle to live up to the examples of their fathers, especially when that father is a legend like Naruto. Naruto struggled to save his village and the world. His son Boruto knew nothing of the pain and hardship that his father faced. All he knew was his father's reputation in the village as well as his own experiences with a father he considered distant and neglectful.

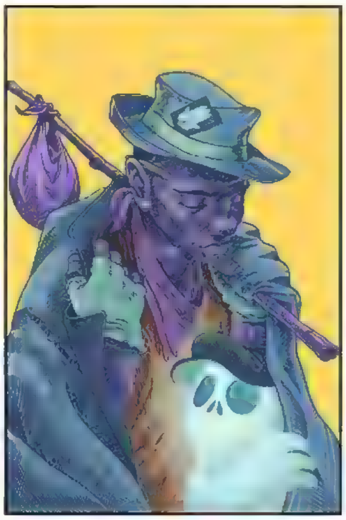
In VIZ Media's new manga, *Boruto: Naruto Next Generations*, Naruto's teenage son and his friends have to learn to live in the world their parents' generation created to say nothing of the long shadows their parents' heroic deeds have cast over them all. From Masashi Kishimoto, Ukyo Kodachi, and Mikio Ikemoto, *Boruto: Naruto Next Generations* carries the fan-favorite story of Naruto into the future and introduces a new generation of characters who aren't quite heroes yet but may yet live up to their parents' examples!

A COLLEGE STUDENT FINDS UNEXPECTED LOVE IN ONI'S *KIM REAPER*



394 ■ **Oni Press** $3.99

Becka has an awkward crush on one of her classmates. Kim is everything Becka isn't – goth, self-assured. Like many college students, Becka's crush on Kim is unrequited, and it takes a lot of effort on Becka's part to work up the courage to talk to Kim and ask her out. But when she finally does, Becka accidentally falls into a ghostly portal and discovers that Kim isn't just a self-assured goth girl; she's actually an agent of the Grim Reaper who ushers souls into the Underworld as a part-time job! Now, these two love-struck college students embark on an adventure of life, love, and collecting the souls of the damned in *Kim Reaper* from Oni Press. Kim Graley, the creator of *Our Super Adventure* and the artist of *Rick and Morty: Lil' Poopy Superstar*, follows Kim and Becka on a hilarious and emotional journey of self-discovery and the dead in a book that takes the "grim" out of the Grim Reaper!



302 ■ **BOOM! Studios** $3.99

ENNAY HAS THE POWER TO RESHAPE THE DIVINE IN BOOM!'S *GODSHAPER*

Imagine a world where everyone is born with a personal god. It accompanies you everywhere. It knows what you're thinking and what you're feeling. It shares every moment of your life with you. Every broken bone, every kiss, every sunset, every tear. It's your connection with the world. More importantly, it's your connection with the cosmos. Your personal god is, essentially, your personal piece of the divine.

Now, imagine that you weren't born with one. No god accompanying your every moment. No god in the room with you. People would look at you differently. They would say that you're broken, even deformed. What kind of person doesn't have their own god, they would say? Ennay is one of those people. Ennay has no god. For Ennay is a godshaper.

Ennay has the power to "shape" others' gods. He can give them a new form, he can mold their behavior. Ennay, uniquely, has power over the divine. Ennay travels with his guitar, looking for music venues where he can make a little dough, doing good where he can, and making the gods along the way a little different.

In Simon Spurrier and Jonas Goonface's new series from BOOM! Studios, *Godshaper*, Ennay hits the road with a humanless god as his companion, even friend, and their journey will take you on a fascinating trip into a world hauntingly different from our own!

TITAN COMICS

SHOWTIME® ORIGINAL SERIES PENNY DREADFUL CONTINUES IN COMICS!

FEATURED ITEM

This April sees the return of Titan Comics hugely successful and critically acclaimed comic series, ***Penny Dreadful***!

Penny Dreadful TV series Co-Executive Producer **Chris King** and illustrator **Jesús Hervás** (*Sons of Anarchy*) will bring *Penny Dreadful* back to life in comics. Under license by CBS Consumer Products, this new comic series by **Titan Comics** continues the story directly after the shocking events of *Penny Dreadful*'s season three TV finale.

The BAFTA Award-winning *Penny Dreadful* TV show -- created, written and executive produced by three-time Oscar® nominee John Logan (*Hugo, Gladiator, Skyfall, Spectre*) - features classic characters from Victorian gothic literature and a host of brand-new characters including: Vanessa Ives, Sir Malcolm Murray, Frankenstein's Monster, Sembene and Mina Harker.

The comic series will take place six months after the ending of the TV show's final season. Ethan Chandler finds himself unable to move on. As he searches desperately for meaning in a world without Vanessa, ancient words echo across the centuries, and he is called on once again to take up arms against the creatures crawling out of the night.

We chatted to **Chris King** about this exciting new comic series.

CHRIS KING, CO-EXECUTIVE PRODUCER, *PENNY DREADFUL*

Can you summarise *Penny Dreadful* in a few words for those new to the property?
Penny Dreadful is a dark, psychological thriller set in Victorian London where famous gothic horror characters like Dracula, Dorian Gray Dr. Frankenstein and his monster collide with original and complicated characters in a battle of good versus evil.

As a producer on the *Penny Dreadful* Showtime original series, how does it feel to bring the characters to new audiences with comics?
I love all these characters and the world we created so much that I am thrilled to have it continue for a whole new audience. I look forward to both our fans and the new audience discover the magic and intrigue of *Penny Dreadful*.

Titan's *Penny Dreadful* is a brand-new series, picking up six months after the colossal events of the series finale. What can you tease about Titan's new comics?
Many of the audience's favorite characters will be returning throughout the comic series. We hinted at some many different story areas that we never go to fully explore in the TV series so it's been great to go back and explain some of the mysteries we left unsolved. One big tease is that old lovers will reconnect once again.

KIDS COMCS MONTH: SOMETHING FOR EVERY AGE GROUP!

Whether you're young or old, regardless of your tastes and interests, there's no denying the appeal of a well-written, well-drawn comic book or graphic novel. "All-Ages" doesn'thave to strictly mean "For Kids Only", especially when there's so much wonderful content being created today that's perfectly suited for anyone to pick up and enjoy.

This month *PREVIEWS* celebrates Kid Comics throughout this issue, with plenty of new and backlist titles available. Here, we've called out a few top titles, broken down by appropriate age groups. These are some of our best recommendations for young readers, but there are plenty more to be found throughout our Comics and Books sections — just look for the KIDS COMIC icon!

HOME TIME: BOOK ONE

writer/artist/cover **Campbell Whyte**

The last school bell has rung and it's finally HOME TIME. Even though they're twins, Lilly and David don't agree on much — except that the last summer before high school is the perfect time for relaxing with friends. But their plans for sleepovers, fantasy games, and romance are thrown out the window when the whole gang falls into a river and wakes up in a village of fantastic creatures. Hailed as magical spirits and attacked by lizards, these kids must find their way home — if they don't throttle each other first. Australian cartoonist Campbell Whyte combines the rich imagination of Dungeons & Dragons with puckishly charming characters and a touch of video-game geometry in his spectacular first graphic novel.

LOST PLANET

writer/artist/cover **Bo Hampton**

Somewhere in the dark jungles of the Andes mountains lies a Dimensional Bridge which leads to a violent, medieval world ruled by Magic of the Blackest sort! Fortune hunter Tyler Flynn enlists fellow ex-pats Ambrose Bierce and Amelia Earhart in a desperate attempt to break free from the diabolical orbit of... the Lost Planet.

The long awaited fantasy opus/reboot *Lost Planet* from Author/Artist **Bo Hampton** is returning in a hardcover edition in glorious, living Black and White! Although the six-issue mini-series from 1984 was printed in color, Hampton's line art was done on craft-tint Duo Shade board—a long gone tonal process not seen since the heyday of E.C. Comics. The laboriously plotted, and lavishly illustrated, tale draws upon fantasy and classic pulp tropes for inspiration but remains completely unlike anything in comics, before or since.

TOYBOX TIME MACHINE: A CATALOG OF THE COOLEST TOYS NEVER MADE

writer/artist/cover **Marty Baumann**

Recapture an innocent era of boundless commercial creativity in a beautifully illustrated tome featuring some of the greatest toys NEVER made (but wouldn't your world have been a better place if they had been?) A tribute to the unbridled imaginations, madcap design, and illustrative skills of the toy creators who drew inspiration from the robots, movie monsters, comic books, and military men that kids adored, as well as the limitless possibilities of the space age. Showcased in catalogs, comics, trading cards, drug store and department store displays, somehow these geniuses knew what we wanted before we did. Marty Baumann has drawn inspiration from these incredible creators and extrapolated on those outlandish and appealing ideas, developing and illustrating an amazing array of fictional toys that reflect that optimistic era.

Certified Cool

Set during the 19th century, and combining an unusual mix of racial unrest, odd ball characters, and strange happenings, *Red Range* is a unique take on "The Western." During a Klan lynching, a mysterious rider appears, and proves to be a deadly shot! It is the Red Mask, a tough, lethal, black man who wisely keeps his identity concealed, especially while battling his enemies. Through a series of events, the Red Mask continues to thwart the violent and hateful actions of the Klan, while picking up an orphan along the way, and teaching him how to turn his hate into something more positive.

I ain't never done nothing.
I wasn't born in Texas. But in a way I guess I'm its last surviving son. I was sired the same year--same month in fact--Texas declared its independence from Mexico.
And hell, I ain't useless. I fought in a few wars in my time. Just after I was turned I was at the Alamo. "Remember the Alamo" my ass. I was there and I don't remember half of it.
We were all drunker'n shit when that ol' son of a whore Santa Anna showed up.
Tell you what, I'm a whoop that one-legged bastard's ass when I get to hell, too.

Dropped my damn beer.
So what side?
In what?
The Civil War. What side were you on?
Well, you live as long as I do, pumpkin, you learn not ta' take sides.
You didn't answer the--
How 'bout you go get your Uncle Bartlett a fresh Bloodweiser, eh?
Granpa thinks real vampires shouldn't just drink cow blood and paint thinner. He says that only human--
Well, Grampa's about a million years old and don't exactly get to what belongs to him anymore, does he?
You shouldn't think that way about Granpa.
Or, I reckon I'll think anywhichway I want until he comes down outta that attic and stops me.

- Pink Panther Vol. 1 TP (SEP161241)
- The Three Stooges Vol. 1 TP (DEC161200)

Please tell us a bit about yourself!

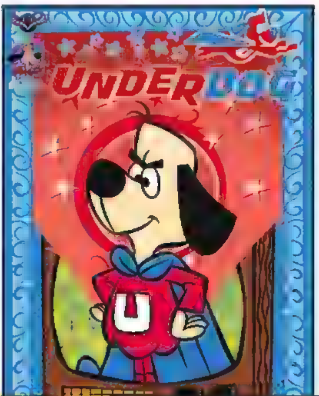
I have been a professional comic book artist since 2006, when I started working for Archie Comics as a freelance penciler. I got the job after showing my portfolio at San Diego Comic Con. I also like to paint digitally as well as with watercolors and oils, and I recently had a solo art show in Salt Lake City last March. I live in Utah with my wife Jennifer and our four kids.

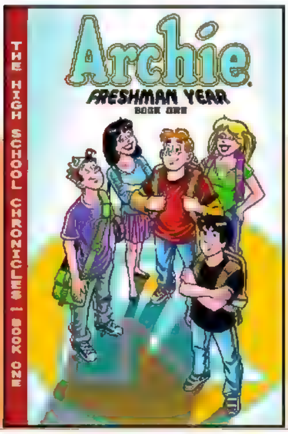
What are your favorite projects you've contributed to over the past decade?

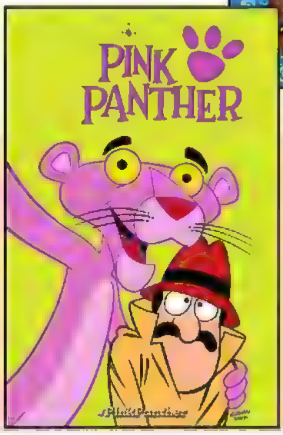
The first project that comes to mind is *Archie: Freshman Year*, which chronicles Archie's first year in high school. A *Radioactive Man* story that parodied the *Spider-Man* musical, and *Treehouse of Horror* for Bongo Comics, (all of the above written by Batton Lash, one of my favorite writers, who is also writing *Underdog* #1!). Drawing the cover and stories to *The Pink Panther* series and *The Three Stooges* for American Mythology has been really awesome as well!

What are you currently working on?

I am proud to be one of the artists drawing the return of *Underdog* to comics for American Mythology. *Underdog* was one of my favorite cartoons when I was a kid, and it's so great to be working on bringing this character back to modern audiences. There are so many different stories to be told about these characters; Simon Bar Sinister, Sweet Polly and Shoeshine boy, ranging from superhero adventure to satire, I'm really excited to be a part of it!

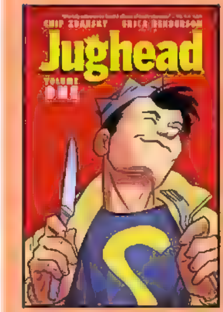


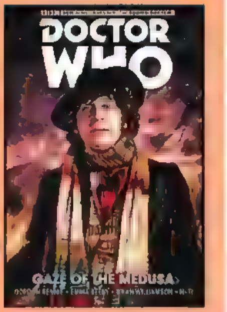




The THREE STOOGES

What fun titles are you reading?





I love the *SpongeBob Comics* (*Vol. 1*—See Page 324!), they always make me laugh, and they have a great mix of artistic styles. Of course, I'm also really enjoying the new *Jughead* series (*Vol. 1*—APR161259) from Archie Comics, it's a really fun interpretation of the character. I also like the *Doctor Who* series from Titan, they have great stories and artwork. The Fourth Doctor series (*Vol. 1: Gaze of the Medusa HC*—JUN161763) is one of my favorites, the likeness of Tom Baker is done really well.

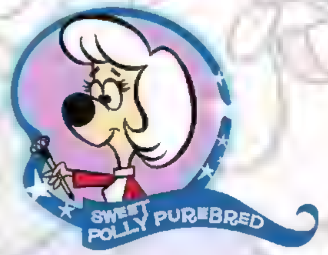
THERE'S NO NEED TO FEAR, UNDERDOG IS HERE!



SIMON BARSINISTER

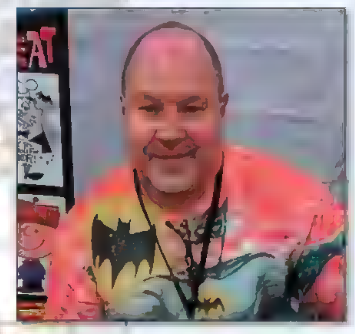
BAT'S MOTEL NO VACANCY

Batton Lash writer on Underdog:

I have always loved Underdog. I even have a Christmas ornament of him, I love the design! Over the years Underdog has stayed in the minds of those that grew up on his adventures and a little piece of that love for the character lives on in all of us. The rhyming speech of Underdog was something we all did and still can hear when we see the iconic character art. "There's no need to fear, Underdog is here!" And who didn't have a crush on Sweet Poly Purebred as a youngster? I sure did. It's a true pleasure and honor to be writing his inaugural issue for American Mythology!

Bill Galvan artist on Underdog:

Underdog is one of my all-time favorite cartoons! The characters are so fun draw- Simon Bar Sinister, Sweet Polly Purebred, and of course, Underdog's secret identity, Shoeshine Boy. The cartoon was a huge part of my life as a kid and I never outgrew it in all these years. I am really looking forward to working with all the talented creators we have at American Mythology that will bring this character to life for a new generation to discover. "When help is needed, I am not slow. For its hip-hip-hip and away I go!"



Patrick Owsley artist on Underdog:

I'm excited to be back illustrating my ol' TV cartoon pal, UNDERDOG! Coming soon from American Mythology Productions...UNDERDOG Comics! There's nothing better than getting this one of a kind all-ages comic book back out into the world. Look for my covers featuring Underdog, Sweet Polly Purebred, Simon Bar Sinister, and Riff Raff!

TUCKER GRIZZWELL'S WORST WEEK EVER TP
(W) Bill Schorr
(A/CA) Ralph Smith
The Berenstain Bears meets *The Simpsons* in this rollicking yarn about one really, really terrible week. Tucker Grizzwell is having the worst week ever. He is due to attend the annual Jaws & Claws weekend with his dad, where young grizzlies learn how to be terrifying predators. Problem is, Tucker doesn't even like to eat meat, let alone have to kill it first! Plus, didn't some kid get eaten last year during the dumpster-diving lesson? And before he can even get to the weekend, Tucker must endure a week's worth of middle school indignities, including pop quizzes, too much homework, bad cafeteria food, friends who are not the brightest lighthouses on the coast, an older sister who ignores him in the hallways, and one very unfortunate bus ride. The graphic novel format is perfect for the showcasing the daily trials and tribulations of this middle school grizzly cub. (STL038255) (C: 0-1-0)

POPTROPICA BOOK 3: THE SECRET SOCIETY HC

(W) Mitch Krpata (A/CA) Kory Merritt

Mya, Oliver, and Jorge are in the custody of a secret society whose mission is to protect and preserve Poptropica — a mysterious, uncharted island world. These Protectors, as they call themselves, believe that any outside interference with the islands of Poptropica could have catastrophic results on the course of history in the real world. As if things aren't bad enough, Octavian has finally claimed possession of the confounding map, thwarted the society's attempts to capture him, and is determined to alter the time line. The trio must join forces with the Protectors and find Octavian before he can go through with his evil plot, or all of human history might be changed — or worse — destroyed! (STL039060) (C: 0-1-0)

Suddenly, Goose and Red find themselves locked in the middle of an election to see who will lead the castaways. JOSEPHINE BAKER GN

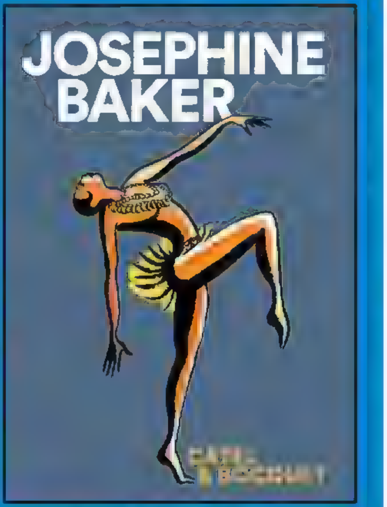
Recommended by Jim Antiano



This beautiful graphic novel by José-Luis Bocquet and Catel Muller, the same creative team that produced the award winning Kiki De Montparnasse brings to life the thoroughly American entertainment icon Josephine Baker. Catel's wonderfully evocative black and white style perfectly captures Baker's unique persona, at once humorous and powerful and always full of life. You may think you know Miss Baker's story as the banana festooned American émigré on stage in France but like many I was unaware of her efforts with the French Resistance during the war, her creation of an orphanage (herself adopting many children), and her involvement in the March on Washington in 1963.

Make no mistake, this is a truly adult biography the details Josephine's life, warts and all, including her active love life. Catel's art style is bold and crisp as it slinks through these affairs sensually but it also evocatively shows her gangly childhood and her twists and bounces performing on stage. Bocquet's dialog is clear and true and competently translated. The one weakness I found was Josephine Baker's life was so large that even at 496 pages at times appearances by historical greats as varied as Princess Grace, Martin Luther King, Fidel Castro, Pope Paul VI, and Charles de Gaulle can feel a little like walk-ons. But this is just a minor quibble on this timely graphic biography of a true icon of a woman.

A vibrant and kinetic biography of a powerful African American woman ahead of her time.

LUNARBABOON: THE DAILY LIFE OF PARENTHOOD TP

(W/A/CA) Christopher Grady

Explore the daily struggles and humor of family life with Lunarbaboon. He's just like any other dad — but vaguely hairier because he's half man/half moon monkey. Lunarbaboon shares life's parenting moments from the perspective of a 30-something dad/husband/chaos survivor. Together with the savvy, laid back Mom, wild child Moishe, baby Matilda, and a former Julliard student (their cat), Lunarbaboon must navigate the family and social dynamics of everyday life. Ranging from the hilarious (defeating closet monsters with a "stun" blaster that offers surprising facts about bears, Mars, and cats) to the sweet (the gray scale-to color transition out of depression at the touch of a loved one), this collection explores the bonds within a family and all the characters who bring both order and chaos to life. PEARLS BEFORE SWINE: PEARLS HOGS THE ROAD TP

(W) Stephan Pastis (A) Stephan Pastis, Bill Watterson (CA) Stephan Pastis

Move over! *Pearls Before Swine* is back and badder than ever in the new treasury collection *Pearls Hogs the Road.* The Pearls gang returns with characteristically misanthropic humor (but with more leather): no self-aggrandizing is too flagrant for Rat, no subject is too erudite for Goat, and no sensory input is too basic for Pig. All topics are fair game for Stephan Pastis and his brass-knuckle punch lines. *Pearls Hogs the Road* also features three comic strips illustrated by the legendary Bill Watterson of *Calvin and Hobbes,* who ended a 19-year hiatus from the comics page to collaborate with Pastis. From Roberto Aguirre-Sacasa and the writers of the new CW series *Riverdale* comes the first issue of the must-read, brand new, **ongoing** comic series! Set in the universe of the TV series, the *Riverdale* comic offers a bold, subversive take on Archie, Betty, Veronica, Josie & the Pussycats, and their friends, exploring small-town life and the darkness and weirdness bubbling beneath Riverdale's wholesome facade. Features interior art by up-and-coming artist Alitha Martinez (*Black Panther*). (STL032621)

HOGAN'S ALLEY #21

Recommended by Steve Leaf

Sometimes I enjoy reading magazines about comics more than I do the current selection of comics when I hit the store on Wednesday. The magazines I read are like a time machine taking me back to when comics were escapism and you would find out about publishers, characters, and creators from before you got into this addiction.

This year *Hogan's Alley* has finally won a well-deserved Eisner award. This issue is a prime example of the variety of articles to be found and enjoyed in this publication. Articles range from a 1927 interview with *Krazy Kat's* creator George Herriman to discussions with a number of cartoonists on how they overcome writer's block. In another article, editorial cartoonists discuss the challenge in depicting former president Barack Obama.

As a bonus for me there is a look into the archives of Mad Magazine and "Buckhead Boy" and UGA fan supreme Jack Davis with much of the art never before published. There is also a look at some of the little-known advertising illustrations by EC comic legend Wallace Wood, a facet of his career that is seldom noted compared to his comic and pulp illustration history.

There is also a look at the career of William Overgard, a cartoonist I remember for his work on *Steve Roper and Mike Nomad* as well as his strip *Rudy* featuring a talking chimpanzee.

This is a fine introduction to this publication and, as we say down south, "Y'all come back now ya hear!"

GODSHAPER #1

Written by **Simon Spurrier**

Covers by **Jonas Goonface, Sonny Liew**
$3.99 • 32 Pages • Full Color

- Written by Eisner Award-nominated writer Simon Spurrier *(The Spire, X-Men Legacy)* and illustrated by breakout talent Jonas Goonface, ***Godshaper*** introduces a vast world where there's a god for every person and a person for every god... though for Ennay, unfortunately exceptions may apply.
- People like him are Godshapers, godless social pariahs with the ability to mold and shape the gods of others. Paired with Bud, an off-kilter but affectionate god without a human, the two travel from town to town looking for shelter, a hot meal, and the next paying rock'n'roll gig.

THE SOVEREIGNS #0 INTERVIEWS w/ THE WRITERS

RAY FAWKES ON WRITING *THE SOVEREIGNS*

What are your thoughts on playing in the sandbox of the Gold Key universe, with storied and much-loved characters like Solar, Magnus, Dr. Spektor, and Turok?

RAY FAWKES: Of course I'm extremely excited! I've known these characters for years, and absolutely love how iconic and deep all of them are! Now that I have the opportunity to write a story with all of them bringing their unique talents and outlooks to a grand battle, I'm very happy about all of this. Not only that, but to be given the opportunity to make them shine, to show what's really great about each and every one of them... it's fantastic.

Man of the Atom, Robot Fighter, Master of the Occult, and Dinosaur Hunter... these heroes have very diverse powers and backgrounds. What unique contributions do they bring to the story?

RAY FAWKES: Well, that's just it! Each of them has such a different outlook – the physicist, the maverick, the occultist, and the warrior – and as you'll see in this story, each has reached the pinnacle of achievement in their respective fields, gaining nearly complete dominion over their adversaries and challenges. It's precisely their different outlooks and expertise that fuel this story; they must turn to one another when they find themselves facing a threat that somehow seems to embody all of their domains... and none of them.

In many ways, The Sovereigns will be a fresh beginning for the universe. What will appeal to both longtime fans and curious newcomers in this new story?

RAY FAWKES: This is an epic story on an enormous, time-and-space spanning scale, designed to appeal to new readers and longtime fans alike! The idea is to provide a wild ride for all; you don't need a deep understanding of the continuity to grasp the concept of a grandmaster occultist and a sci-fi nuclear hero fighting side-by-side, but long-term fans will be thrilled to see where we've taken the characters. Doctor Spektor, for instance, has traded up from being a street-level occult detective to an enlightened grandmaster of magic, now worshipped by most of the monsters and spirits he used to fight. The Sovereigns presents him with a case that brings him back to his roots, so we get to see him as he is now and as he once was.

AUBREY SITTERSON ON WRITING *DOCTOR SPEKTOR*

What's your favorite thing about working with Doctor Spektor?

AUBREY SITTERSON: For far too long, occult comics have been almost universally dark and brooding, not just in the art itself, but in the actual stories themselves, which tend to skew toward the spooky and oppressive. Well... no more! What we are bringing to the table is an entirely different flavor, a new take on occult comics. This isn't one of the mopey, draped-in-black, eyeliner comics that you've grown tired of. In our hands, Doctor Spektor will be an entirely new take on magic-based heroes, one that's more heavy metal than goth, and like the best heavy metal, it will be big, explosive, brutal, and laced with a wicked sense of humor.

CHUCK WENDIG ON WRITING *TUROK*

What's your favorite thing about working with Turok?

CHUCK WENDIG: Getting to take an old character for a new spin is always a fun challenge, and Turok in particular, allows us to go gonzo — I think this is a story world ripe for action, adventure, and spectacular weirdness. This is not what came before, but the spirit of the character and the world remains. My goal is to bring in new fans, but also satisfy those who came before.

KYLE HIGGINS ON WRITING *MAGNUS*

What's your favorite thing about working with Magnus?

KYLE HIGGINS: Magnus is a character with a rich history, and a premise that's an absolute blast – how do you not love a guy who fights futuristic robots? When I'm looking at whether or not to write an established character, the number one thing for me is how far we're able to push things. Can we find an interesting, unique way in? Can we do something different with the concept, while still staying respectful to what's come before? Dynamite has been tremendous in giving me a massive runway to flip things on their head and turn this into a book that's very, very different. I'm having a blast, and can't wait for people to see what the idea of a 'robot fighter' looks like in 2017.

Z NATION #1 INTERVIEWS W/ CRAIG ENGLER & FRED VAN LENTE

In the all-new **Z Nation** ***series, you'll delve into "Black Summer", the dark period that precedes the television series! What are your thoughts about telling a new story during this crucial period, exclusively in the comic book medium?***

CRAIG ENGLER: Comics provide the best of both worlds for our "Black Summer" storyline: the episodic storytelling of TV, but an unlimited production budget for special effects. That's a huge opportunity for us because we have great ideas for new stories and new zombies that we wouldn't be able to do on a TV budget, but that we can in a comic. And there are some epic – and epically insane – things we pull off in "Black Summer" that will be new not only to the world of *Z Nation*, but to the zombie genre as a whole.

In the new comic series, fan-favorite character Charles Garnett makes an appearance! With so many captivating cast members to choose from, what is it about Garnett that made you want to bring him back?

CRAIG ENGLER: Garnett was a great but tragic character because we knew from the outset that 1) He'd be beloved by fans and 2) No one would see his death coming in the show. While that was great from a storytelling perspective, it understandably left viewers wanting more. So this is a nice way to bring him back and see what he was doing before the events of *Z Nation*, and to also have him bless the new team we're introducing in the comic.

How would you describe the distinct feel of **Z Nation*****, and what comic readers – both existing fans of the TV show and horror-loving newcomers – might expect from your new comic?***

CRAIG ENGLER: Karl Schaefer, the showrunner and co-creator of *Z Nation*, says that every episode always has three things: horror, humor, and heart. We're the zombie show with competent survivors making life-and-death decisions every day, but also the one with insane action like bowling over zombies with the Liberty Bell. But most importantly, through it all you root for our characters because no matter how bad (or goofy) things get, they're always doing their best to save the world against virtually impossible odds... not to mention billions of zombies.

SyFy's super-popular **Z Nation** ***isn't like anything else on television. What do you like most about the series?***

FRED VAN LENTE: They do a great job mixing really diverse kinds of heroes, and sending them along through a zombie apocalypse that doesn't take itself entirely seriously, while at the same time providing you with action and chills every week. That's definitely the same ethos of our "Black Summer" series; we're trying to bring that philosophy of the show through a different part of its history.

You're working alongside series co-creator Craig Engler; how would you describe the collaborative process of bringing the "Black Summer" event to comics??

FRED VAN LENTE: We are having a great time meeting and batting different ideas back and forth. Craig, obviously, as the show's co-creator, knows the world of *Z Nation* backwards and forwards and is good at saying, "No, we did that already," or "This might be a different take." Because, unlike a TV show, we have what amounts to an unlimited budget, and we can do things in the *Z Nation* universe that would be a lot more difficult to bring to the screen. So we're having a lot of fun – the fact that we were friends beforehand doesn't hurt, either.

You're no stranger to irreverent takes on the zombie genre, considering your past work on **Marvel Zombies** ***and*** **The Mocking Dead*****. What keeps you coming back?***

FRED VAN LENTE: Like a lot of genres, superheroes or space operas, or whatever, the zombie apocalypse can explore different aspects of society and themes, and with each different project I've found a different way to do that. Doing the same thing over and over again doesn't appeal to me – you gotta keep things fresh. In this instance, with "Black Summer", we're dealing with the backstory before the *Z Nation* series even began, the famine that tips the world over the brink. So we have desperate characters, even more so than usual, who are trying to survive beyond even the Zs, but secure a resource (food) vital to having hope at all of making it out of the apocalypse alive.

BILL WILLINGHAM DISCUSSES THE GREATEST ADVENTURE #1

When I was a wee lad, I read comic books for pleasure and prose only because school forced it on me. There was no joy to be found in the types of stories that they thought we should read. That changed one day when my mother brought home a prose book for me to read, instead of the comics she'd promised. The book was called The Return of Tarzan, which you probably know is the second in the series. It altered my view of prose reading forever, while expanding my interest in all types of reading. In this book, Tarzan wasn't the grunting, ignorant "jungle innocent" of the movies – a type of character I disliked, even at that young age.

In the opening pages of Return of Tarzan, he is in a western business suit, helping the French intelligence services track down villains. And, more importantly, he was well spoken – maybe even sophisticated, if that word hasn't been ruined by too many generations of false usage.

Innocent or not, I've little use for grunting idiots, but I needn't have worried where the books of Edgar Rice Burroughs are concerned. No one grows up in the jungle, fighting every day for existence, and then dominance, and remains innocent in the doing of it. No one survives and conquers on the far-off world of Barsoom, encumbered with the ridiculous Hollywood brand of naiveté. Perhaps they get confused because, in certain circles, strong characters with a deep personal code of conduct are as alien to our moviemakers as can be. By their lights, there is no such thing as true nobility. What passes then for nobility has to be either a put-on scam, or a result of just not knowing any better.

"Nuts!" says I, which is why I stayed with comic books, which in that day still believed in a code of nobility, and was unashamed of depicting it.

Then Edgar Rice Burroughs came along and demonstrated to my satisfaction that the largely uncharted world of prose fiction contained the same sentiments. I've often said that ERB taught me to read. Hyperbole aside, that statement is largely true. His books taught me to love to read – that it isn't just a chore – for which I'll be forever grateful.

So then, here we are with my chance, at long last, to play in the very fields that Burroughs created, and to marry my two loves of comic book and prose fiction in doing it. The Greatest Adventure contains all of what I love about his vast body of work. No, wait. Actually that's a lie. One comic series couldn't possibly contain everything I've loved and discovered in his books. Let me rephrase: The Greatest Adventure contains everything I love that I could fit into a single series, including his most popular characters, as well as many obscure ones, which are nevertheless beloved to me.

In the ERB canon, Tarzan – his most popular character – crossed over with a few of the others. He went down to the hidden inner world of Pelucidar. He had drinks on the veranda with Barney Custer, the so-called Mad King. But in Burroughs' life (as far as we know) he never sent Tarzan to visit John Carter on Mars, or Carson on Venus, and we have to wonder: why not? My personal theory is the least complex one: He simply never got around to it, but might have, eventually.

In The Greatest Adventure, Tarzan goes to Mars, and Venus, and Caspak, and other lost places he never got around to visiting. And he doesn't go alone.

You've heard of the adventure of the Golden Fleece, where the hero Jason gathered together all of the greatest heroes of his age to embark on the greatest quest in history? In this story, Tarzan does likewise. He assembles all of the greatest heroes of the ERB fictional universe, to accompany him on a voyage whose goal I'm not about to share with you here, other than to say, there will be dire consequences for the world – perhaps all worlds – should they fail.

They journey together on a specially outfitted Martian Flying ship, and will explore a dozen worlds before they're done. The cast list is huge, too many to list here. But I'll mention a few: Tarzan, Jane, John Carter, and Dejah Thoris. But there's also Jason Gridley, a guy named Carson, one called The Mucker, a Mad King, and an Eternal Savage. There's a guy who once only had a number, 13, to identify him, a western bandit, and a girl from Hollywood. And more.

The greatest heroes of Edgar Rice Burroughs' many worlds go on "The Greatest Adventure". And here's the best news: There's still room on the boat for one more adventurer, strong of arm and noble of heart. I invite you to step up, cast your lot with the rest of the crew, and come along.

FACE GN

(W/A/CA) Rosario Villajos

Let's face it, what is it that identifies you to those who surround you? Your lovers, friends, family or colleagues, even strangers? What attracts or repulses them? Is it what they look at or what they see? What do *you* see when you look into a mirror? Rosario Villajos looks closely at this topic and wonders about life without a face. In her own words: "*Face* is a magical autobiography about identity, the escape of oneself towards love, and the fight to fit in and be 'normal' in our society." She does not tread carefully and maybe reflects some of the doubts and fears in your own *Face* book! (STL039227) (C: 0-0-1)

November 1989. MI6 spy Lorraine Broughton was sent to Berlin to investigate the death of another agent, and the disappearance of a list revealing every spy working there. She found a powder keg of mistrust, assassinations and bad defections that ended with the murder of MI6's top officer, as the Berlin Wall was torn down.

Now Lorraine has returned from the Cold War's coldest city, to tell her story. And nothing is what it seems.

"A bit of a masterpiece... reminded me of John Le Carré in its very plausible complexity, but a lot more engaging and exciting."

ALAN MOORE (*V FOR VENDETTA*)

"A world of heavy shadow and blurred motivation, filled with doubt, cruelty, and prejudice... delivers exactly the kind of strong medicine fans of the best espionage literature crave."

GREG RUCKA (*QUEEN & COUNTRY*)

"The story is solid and once I sat down to read it, I had to keep going to see how it ended. If you like spy/noir reads, this should be at the top of your list this week."

GRAPHIC POLICY, PICK OF THE WEEK

"Bodies pile up and twists abound... Fans of John Le Carré's spy thrillers will definitely enjoy this dense tale of intrigue."

Over time, this fascination deepened until it triggered a journey around the world in search of ruined places. She leads us through deserted cities in the American Midwest, an Icelandic town buried in volcanic ash, islands in the Philippines, New York City, and the delicate passageways of the human heart. PRE-CODE CLASSICS: NIGHTMARE VOLUME 1 HC

(A) Everett Raymond Kinstler & Various
St. John was a mid-sized comics publisher with a varied list of titles, and in June 1952 they joined the horror binge with two titles, *Strange Terrors* and *Weird Horrors*. *Strange Terrors* ended after seven issues, to be replaced by *Nightmare* #3, picking up from the Ziff-Davis series. However, they then combined the title *Nightmare* with the numbering from *Weird Horrors*, so that *Weird Horrors* #9 and *Nightmare* #3 were followed by *Nightmare* #10. June and Day have sacrificed so much for the people of the Republic — and each other — and now their country is on the brink of a new existence. June is back in the good graces of the Republic, working within the government's elite circles as Princeps Elect while Day has been assigned a high-level military position. But neither could have predicted the circumstances that will reunite them once again. Just when a peace treaty is imminent, a plague outbreak causes panic in the Colonies, and war threatens the Republic's border cities. This new strain of plague is deadlier than ever, and June is the only one who knows the key to her country's defense. But saving the lives of thousands will mean asking the one she loves to give up everything he has. (STL038707) (C: 1-1-0) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

SPENCER & LOCKE #1

Recommended by Trevor Richardson

Spencer & Locke answers that age-old question we've all been asking – What would happen if *Calvin & Hobbes* grew up in *Sin City* and became amoral detectives?

When I first heard about this book, I thought "Bill Watterson meets Frank Miller" was just one of those elevator pitches like "It's Superman meets *My Little Pony*" or "It's *Walking Dead* meets *The Goonies*." But no, it's literally the story of a boy who grew up talking to his stuffed panther toy Spencer, and as a grown up continues to see the giant panther as his partner in crime-solving.

Perhaps the most lovable aspect of *Spencer & Locke* is the choice to draw all the childhood flashbacks in the style of the *Calvin & Hobbes* comic strip, including classic gags like the snowmen, or analog versions of familiar secondary characters like Susie Derkins, Moe, and Miss Wormwood. Except in this dark, broody and often hilarious vision, the Susie character is found dead in an alley, Moe is a known felon, Miss Wormwood is still working at a violent, dumb elementary school. Meanwhile, Locke himself crosses Calvin's line of precocious nonconformist into a territory closer to destructive anarchist and his mother beat him for his shenanigans instead of laughing it off like Calvin's folks.

Every hardboiled detective needs a good partner and nothing tops a pithy invisible jungle cat in a trench coat. Using Spencer's cat-like senses as a means of talking through a crime scene, Locke's investigation of a simple back alley homicide descends into kidnapping, conspiracies, seedy clubs and a plot that is bigger than the detective or his imaginary talking panther could have ever imagined. A purist might complain about dragging Watterson's vision through the muck, but that's kind of the point.

Spencer & Locke feels like an alternate reality version of *Calvin & Hobbes*, with Calvin trying to avenge his lost childhood.

SPONGEBOB COMICS VOLUME 1: SILLY SEA STORIES TP

Recommended by Jonathan McKinney

My favorite underrated kid's comic is collected in trade paperback format for the first time!

Growing up, Nickelodeon's *SpongeBob SquarePants* was must-watch television for an afternoon escape. The comic does an outstanding job of translating everything that makes the show great, and adds its own flavor in a way that only comics can do.

The many stories in the trade are self-contained with consistently great art, and can be read in short bursts. Featuring work from Chuck Dixon, James Kochalka, Derek Drymon, and many more, each storyteller brings passion to the page. It's a joy to see a wide array of artists interpret everyone's favorite aquatic characters in Bikini Bottoms in their own style.

SpongeBob Comics: Silly Sea Stories is a perfect gift for fans of all ages, young and old. As a gift or as a guilty pleasure, make sure to add this trade to your pull list.

Valiant's critically acclaimed, 10-time sold-out magnum opus returns with a brand-new journey into myth and mystery, from comics master Peter Milligan (*Shade, The Changing Man*) and incendiary artist Juan José Ryp (*Britannia*)!

Fifty thousand Romans stand on their feet, watching from the rafters of the coliseum with captured breath as Achillia, a Gladiator unlike any that Rome has seen before, faces incredible odds - one lone warrior against five of Rome's greatest. Such is the tradition, when a female gladiator enters the fray. When the carnage is complete, the coliseum roars its approval as Achillia stands victorious. Now only one match away from winning her freedom, she has begun to gain renown. The women of Rome, suppressed by their husbands and fathers, have noticed. The men of Rome, husbands and fathers to a growing horde of women entertaining ideas of independence, have noticed as well.

On the other side of Rome, a strange mystery swirls through the Palatine Hill. In the dead of night, down winding alleys, Rome's elite swear that they see visions of a blood-soaked Apollo walking the city...visions that are driving them mad. Even more are becoming sick with weird fever god-dreams. Panic ensues in the city. The Chief Vestal, Rubria, is arrested by Emperor Nero and threatened with crucifixion unless the deadly curse that's fallen on Rome is lifted. She asks Antonius Axia, hero of Britannia and Rome's only detective, for help. She offers only one clue...the gladiator Achillia.

IMMORTAL BROTHERS
The Tale of the Green Knight

Archer and Armstrong! The Eternal Warrior! Ivar, Timewalker! (And a very brief appearance by Faith!)

It's winter at King Arthur's court in Camelot, when the monstrous GREEN KNIGHT appears at the Round Table wearing no armor and bearing a gigantic axe. Eager for a challenge suitable for the weaker knights, he insists that they participate in a friendly "winter's game". Anyone can strike him once with his axe, but on the condition that the Green Knight may return the exact blow in one year's time. Arthur agrees to the game, but the youthful knight, GILAD, takes up the challenge to protect his king. Much to the court's surprise, the Knight doesn't move as Gilad strikes his head off. The Green Knight picks up his own head and gives Gilad his own mighty axe, telling him he is fated to receive the same blow before the year is out. Now, Sir Gilad must solve the mystery of who the Green Knight is before his hour at the axe comes to pass! But first, he'll need to find some help... in the form of his immortal brothers, who will be united once again!

New York Times best-selling writer Fred Van Lente returns to Archer & Armstrong as Eisner Award-winning artist Cary Nord (*X-O Manowar*) joins in for an oversized, 48-page one shot epic!

HARBINGER RENEGADE VOL. 1: THE JUDGMENT OF SOLOMON TPB

Anyone you know could become a psionically powered "harbinger." Your neighbor. Your boss. Your best friend. Your kids.

Six months ago, a secret team of renegade whistleblowers leaked the existence of these extraordinarily dangerous individuals to a stunned world. Today, all across the country, crude, DIY psiot activation attempts have left hundreds brain-damaged...or worse. The emergence of a new psiot in a community often leads to riots and mass violence. America is terrified of what could happen next.

Now, Kris Hathaway, John "Torque" Torkelson, Faith "Zephyr" Herbert, and Peter Stanchek are about to discover their calling. Together, the HARBINGER RENEGADES are moving from town to town, building their ranks, and subverting authority one mind at a time...and setting out to prove once and for all that behind their power, there has always been a purpose.

ASSASSINATION CLASSROOM Vol. 15

Story and Art by Yusei Matsui

Several secret pasts are finally revealed this volume: The tragedy that led Principal Asano to develop his harsh—some would say brutal, sadistic and inhumane—pedagogical methods, the relationship that gives one 3-E student a personal motivation to assassinate her teacher, and even Koro Sensei's origin story! Will the students be more or less motivated to assassinate their teacher after they know his former secret identity? And what lengths will shy Nagisa go to in order to rein in the student who wants to get revenge on Koro Sensei? Also, it's time for...lunch theater! Which member of 3-E will be the star?

Grand in its scope, *Asian Comics* dispels the myth that, outside of Japan, the continent is nearly devoid of comic strips and comic books. Relying on his fifty years of Asian mass communication and comic art research, during which he traveled to Asia at least seventy-eight times and visited many studios and workplaces, John A. Lent shows that nearly every country had a golden age of cartooning and has experienced a recent rejuvenation of the art form. (STL038790)

BENDING STEEL: MODERNITY AND THE AMERICAN SUPERHERO SC

(W) Aldo J. Regalado

Bending Steel examines the historical origins and cultural significance of Superman and his fellow American crusaders. Cultural historian Aldo J. Regalado asserts that the superhero seems a direct response to modernity, often fighting the interrelated processes of industrialization, urbanization, immigration, and capitalism that transformed the United States from the early 19th-century to the present. Reeling from these exciting but rapid and destabilizing forces, Americans turned to heroic fiction as a means of explaining national and personal identities to themselves and to the world, creating characters and stories that sometimes affirmed, but other times subverted conventional notions of race, class, gender, and nationalism. (W) Valerie Estelle Frankel, Trina Robbins

In the heroine's journey, the young woman protagonist confronts her dark side and emerges stronger. This quest is a recurring theme in comic books and their screen adaptations. Batgirl, Wonder Woman and Black Widow each find their greatest enemy is their dark mother or shadow twin — the savagery they've rejected in themselves. Supergirl, in her television incarnation, strives to restore her bonds with her sister. This book explores the popular mythos of comics heroines like Jessica Jones, Catwoman, Harley Quinn and the new superwomen of webcomics, who all endure great personal struggle or sacrifice before emerging as female warrior-saviors. DIAGRAM FOR DELINQUENTS DVD

In 1950, America was in a state of panic. Juvenile delinquency was destroying the very fabric of society. Ninety percent of all children were reading comic books. In 1954, psychiatrist Dr. Fredric Wertham wrote a scathing indictment of comics called *Seduction of the Innocent*. Its central premise: Comic books were the leading contributing factor to juvenile delinquency. *Diagram for Delinquents* captures the zeitgeist of late 1940s and early 1950s America and investigates how the funny books found themselves on the fire. *Diagram* goes further than any previous comic book documentary to explore and understand the controversial figure at the center of this American tale: Fredric Wertham. THE ART AND INVENTIONS OF MAX FLEISCHER, AMERICAN ANIMATION PIONEER SC

(W) Ray Pointer, Jerry Beck

The history of animated cartoons has for decades been dominated by the accomplishments of Walt Disney, giving the impression that he invented the medium. In reality, it was the work of several pioneers. Max Fleischer, inventor of the Rotoscope technique of tracing animation frame by frame over live-action footage, was one of the most prominent. Where Disney reflected a Midwestern sentimentality, Fleischer presented a sophisticated urban attitude with elements of German Expressionism and organic progression. This book covers his life and work and the history of the studio that bore his name, with previously unpublished artwork and photographs. (STL039002) (C: 0-1-0)

Hoshi the sea star looks up in the sky and sees the stars shining. She wishes that she too could be in the sky amongst the brilliant stars — and as she imagines how much better it would be up in the air, she fails to appreciate the beautiful world that surrounds her underwater. It takes Hoshi's friends, old and new, to help her realize that her shine comes from within. With gorgeous illustrations depicting colorful underwater life, Shine! teaches about the wonders that can be found inside ourselves. Naoko's gorgeous use of plywood as the canvas for her work offers the perfect texture and pattern to evoke waves and sea currents in the underwater scenes. (STL038209) (C: 0-1-0)

GRAPHITTI DESIGNS FLASHBACK

While still learning the ropes in 1982, we got our foot in the door producing shirts featuring creator-owned properties. Aside from the SPIRIT and ROCKETEER shirts, this stable of characters range from Milton Caniff's **STEVE CANYON** to Dave Sim's **CEREBUS** to Sergio Arangonés' **GROO**. These creator's trusted us with their properties, giving us the foundation for larger licenses to come. Thanks guys.

O/A GREMLINS STRIPE MOGWAI PUPPET

Randall "Rand" Peltzer, a struggling inventor, visits a Chinatown antique store in the hope to find a Christmas present for his son Billy. In the store, Randall encounters a small, furry creature called a "mogwai." The owner Mr. Wing refuses to sell the creature to Rand, though his grandson secretly sells the mogwai to Rand but tells him to remember three important rules that must never be broken — do not expose the mogwai to bright lights or sunlight which will kill it, do not let it get wet, and never feed it after midnight. Warner Bros. is proud to present the officially licensed *Gizmo* and *Stripe Mogwai Puppet Prop.* These amazing puppets were designed by Russ Lukich using an original Stripe form as reference. From his dimensions to his hair, this is as close as you'll ever come to having the actual Mogwai Prop in hand. (STL013720) (1751) (C: 0-1-2)

WARHAMMER 40K: BLADES OF DAMOCLES SC
(W) Phil Kelly
The Imperium of Man takes its bloody revenge upon the expansionist tau in a war of dizzying spectacle. For the first time, the daredevil warriors of the Ultramarines Assault Company go to war en masse, fighting in the skies, in the streets, and even in the prototype testing facilities of the tau Earth caste. However, Sergeants Sicarius and Numitor must overcome their hunger for glory as the brightest stars of the Tau Empire, Commanders Farsight and Shadowsun, hunt them to the brink of disaster. Tempers run short as battle-brothers fall, ammunition runs out and the course of the war takes ever-darker twists and turns. With two warrior cultures struggling for a vital edge and the body count spiralling towards a terrible conclusion, can notions of honour and duty survive at all? (STL039487) (C: 0-1-0)

WARHAMMER 40K: CORAX SC
(W) Gav Thorpe
After Isstvan, after Deliverance, the Raven Guard still endure. Their primarch Corvus Corax has rallied countless warriors to his banner, striking back at the forces of the Warmaster on every front — from the degenerate hereteks of the Mechanicum to the cruel legionaries of the Sons of Horus, none shall escape his wrath. But although Corax has managed to stall the physical corruption of his own Space Marines, what of their spirit? And what sinister end must await those who dwell forever in the darkness? This anthology contains all of Gav Thorpe's tales of the Raven Guard in the *Horus Heresy* — the novellas *Soulforge* and *Ravenlord*, along with the short stories "The Shadowmasters," "The Value of Fear," and "Raptor." Also included is the brand new novella *Weregeld*, bringing Corax's legend to its grim conclusion. (STL039485) (C: 0-1-0)

Roboute Guilliman, still Master of Ultramar, has convinced his brother that Terra has fallen and that the mysterious Mount Pharos on Sotha now holds the key to mankind's future. But the Night Lords, those cruel and pitiless sons of Konrad Curze, have been watching from the shadows, and make ready to launch their long-planned attack on the Pharos itself! (STL039482)

The Battle Titans of the Adeptus Titanicus are towering war engines, striding to war as holy effigies of the Omnissiah, and the mighty Warlord Titans are the most renowned among all the forces of the Imperium of Man. Their weapons bring righteous death to the alien and the heretic alike, and the merest glimpse of them on the march has stalled entire planetary rebellions. THE DRESDEN FILES COOPERATIVE CARD GAME

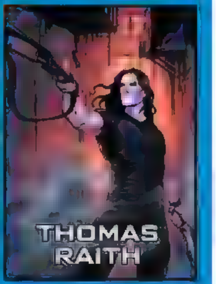
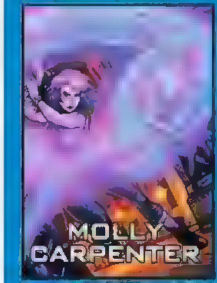
Recommended by Matthew Demory



In November of 2000 the world was introduced to Jim Butcher's *New York Times* best-selling fantasy series, *The Dresden Files* featuring wizard Harry Blackstone Copperfield Dresden. Since then, Butcher has released 15 novels, a short story collection, comics, and a TV show (which maybe strayed a little bit from the source material). Harry is the world's only wizard who, instead of using his powers to become insanely wealthy, has opted to become a wizard-detective-for-hire. While he often accepts cases from the supernatural, he frequently uses his powers to help out the little guy.



This release from Evil Hat Productions includes cards based on the first five novels of the series, from *Storm Front* to *Death Masks*, and includes cards from the collection of short stories in *Side Jobs*. In the game, players get the chance to mix it up with the stories a little. How about instead of just Harry and Michael facing off against the Red Court Vampire Bianca in *Storm Front*, he has the chance to square off against her alongside his werewolf allies Billie and Georgia?

CARLOS RAMIREZ

The Dresden Files Cooperative Card Game looks like it will be accessible for everyone, but full of references that readers of the series will surely enjoy. Be sure to pick up this title from Evil Hat on shelves this June!

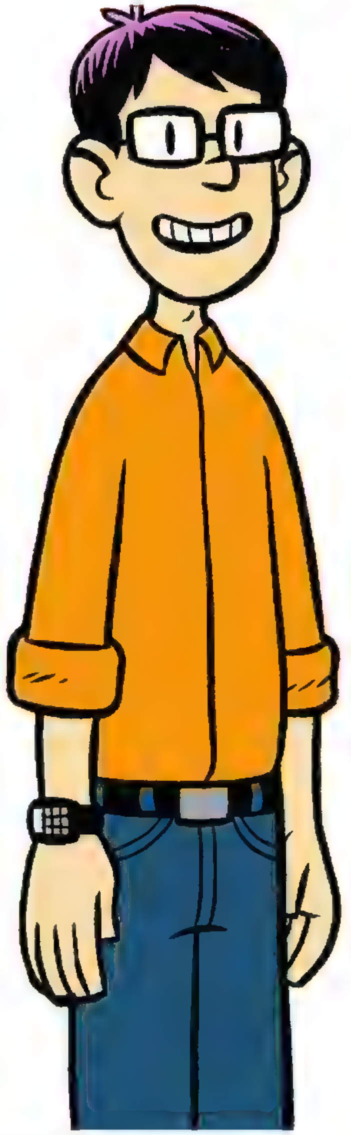
GENE YANG ASKS YOU TO GO BEYOND YOUR READING WALLS AND TRY SOMETHING NEW THIS YEAR

by ***Ashley Kronsberg***

Gene Yang is a former teacher, graphic novelist, and the current National Ambassador for Young People's Literature. His work on graphic novels such as Boxers & Saints, American Born Chinese, Secret Identities, and Secret Coders have won countless literary nominations and awards for their value as a literary work in education, including being listed as a New York Times best-seller, nomination for the National Book Award, and winning several Eisner awards.

After being named the fifth National Ambassador for Young People's Literature, Gene Yang has used this position to empower students through the art of reading in educational and entertaining ways, including his official platform **Reading Without Walls**. This program takes the practice of leading readers to the same genres and formats they are used to reading and turns it around, challenging people to read something they wouldn't normally choose on their own.

Since the pilot program started in Fall of 2016, schools and libraries nationwide have participated in the program providing feedback and additional resources that might be needed in order to execute this program nationally in the summer of 2017. We interviewed Gene Yang about how this platform has grown and continues to flourish as we enter 2017.



Ashley Kronsberg (AK): Reflecting back on this past year, the ambassadorship was a such wonderful honor, for you and for graphic novels, in general. What did you learn from the experience? What lasting memories did you take away from it?

Gene Yang (GY): It was such a crazy experience! In January of 2016, I was invited to a fancy ceremony in Washington D.C. There, the Library of Congress, the Children's Book Council, and Every Child A Reader appointed me the fifth National Ambassador for Young People's Literature.

I'm the first graphic novelist to receive the honor, but I'm not the first ambassador to do comics. Kate DiCamillo, my immediate predecessor, wrote the Newbery-winning *Flora & Ulysses*, a book that uses both prose and comics to tell its story.

As ambassador, I've gotten to speak with students all over the country. I meet young cartoonists in every city I visit. There is so much talent out there!

It seems to me that more kids are reading comics than ever before. At the start of every presentation, I ask my audience how many of them love comic books. Almost always, every hand goes up. When I was a kid, it only would've been a fraction of the class.

Kids today are reading a ton of comic books, but they're not reading the same ones that my generation read when we were young. We mostly read monthly superhero comics. Today, they're reading graphic novels by Raina Telgemeier, Ben Hatke, Kazu Kibuishi, Cece Bell, and the like.

AK: During that time, how were you able to raise awareness about comics and graphic novels?

GY: Well, I'm not sure I need to, at least not of the comics form itself. Like I said, kids are reading more comics than ever. What I want is for them to branch out. I want them to try graphic novels of every genre, by every kind of writer. And not just graphic novels. I want them try every kind of book.

AK: The theme for your ambassadorship was "Reading Without Walls," How did you happen upon that theme?

GY: In November of 2015, I had a meeting with folks from the Children's Book Council and First Second Books. The "Reading Without Walls" platform came out of that meeting. We want kids to explore the world through books. We want them to break out of their comfort zones.

The Reading Without Walls challenge works like this: Give yourself a due date. (You can do this as a community, too.) Before that due date, read a book that is (1) about a character that doesn't look or live like you, or (2) about a topic you know nothing about, or (3) published in a format that you don't normally read for fun. If you want to go for the gold star, find a book that fits all three criteria.

AK: In what unique ways have you seen participation in this theme? Have there been any surprises along the way from your original expectations?

GY: I've gotten photos from librarians who have run the challenge with their patrons. Many of them created these beautiful, elaborate wall displays. Then, when a patron met the challenge, they would add some kind of certificate to their wall displays.

Bookstores are doing this, too. Over the summer, I visited the Wild Rumpus bookstore in Minnesota. They made an awesome display right in the middle of their store. They even had a papier-mâché me! (I've always wanted meet a papier-mâché me.)

We've been so inspired by what these creative libraries and bookstores have done that we've put together a Reading Without Walls Challenge Kit to help schools, librarians, bookstores, and comics shops issue the challenge to kids.

AK: Reading Without Walls is something you're going to continue to push in 2017 and beyond. What plans do you have to continue that initiative?

GY: I'm doing a bunch of speaking gigs, both in person and over Skype. We're rolling out an official version of the Reading Without Walls Kit, which I mentioned earlier.

This interview is part of the initiative, too. We want the comics community to get involved. Wouldn't it be great if we could get some Raina fans to read *Gotham Academy* or *Ms. Marvel*? Wouldn't it be great if we could get some superhero fans to try *March*, a graphic novel trilogy about a real-life hero? Let's issue the challenge through comic shops and see what happens!

AK: 2016 has been a unique year for the graphic novel industry with March winning the National Book Award and Ghosts becoming one of the most well-known books for kids. With your experience as an ambassador, have these events weakened the taboo of comics being taught in the classroom?

GY: The taboo against comics has been weakening for quite some time. *March* winning the National Book Award was huge. And pretty much every book Raina drops, including *Ghosts*, is huge.

AMERICAN BORN CHINESE
Gene Luen Yang

I rarely meet anti-comics teachers and parents these days. Granted, that may be because they don't come to my events. But I do think most readers recognize comics as a legitimate literary form.

AK: You've had several titles come out this year while travelling as an ambassador — New Super-Man, a new edition of Level Up, and Secret Coders. Of the three, which do you think was your favorite to work on? Were you surprised by audience response to any of these titles?

GY: They're so different. It's hard to pick a favorite. Picking a favorite project is like picking a favorite child! When my kids try to make me do that, I tell them my favorite child is a dinosaur that their mother gave birth to in secret, who now lives in our attic. When they were young, I would catch them looking up at our ceiling.

I was so happy that folks responded well to *New Super-Man #6*, which came out last December. It was the end of an arc, the longest arc I've done in superhero comics. I had thrown a bunch of stuff in the air: The Great Ten, father-son issues, Chinese Freedom Fighters, a Genetically-Modified Starro... I spent a long time figuring out how to land it all.

AK: Would you say your intention for Secret Coders to become an introduction to foundational computer science concepts has been a success? How do the third and fourth volumes coming out in 2017 build upon the volumes currently available?

GY: Before becoming a full-time cartoonist, I taught high school computer science for seventeen years. I taught in a very visual way. I always thought that many of my lessons could work well in graphic novel format.

And that's exactly what Secret Coders is — a graphic novel series that teaches computer science. I'm doing the writing and the fabulous Mike Holmes is doing the art. We originally signed to do three volumes, but the first one did well enough that we've signed to do six. The third one will be out in March.

AK: Recently, the titles for Free Comic Book Day were released. Can you tell us more about your work on the comic adaptation of the Fresh Off the Boat TV series?

GY: I'm not sure how much I'm allowed to say, but the Free Comic Book Day comic will directly tie in to one specific episode of the television series. I'm a big fan of *Fresh Off The Boat* and all the folks involved. Working on this project has been a thrill.

AK: How much freedom will you have in writing stories for the comic book?

GY: We're staying within the world of *Fresh Off The Boat*, of course, but we want to tell a story that would only work as a comic.

AK: How will the stories presented in the comic book fit into the TV series' overall continuity (if at all)?

GY: I hope the story will be able to stand alone. But if you've watched the tie-in episode, there will be another level to your reading experience. (At least that's the hope.)

AK: What can we look forward to in 2017 from you as an author?

GY: I'm currently writing more issues of *New Super-Man* for DC Comics. For those unfamiliar with the series, the main character is Kenan Kong, a seventeen-year-old Chinese kid who inherits some of Superman's powers. Viktor Bogdanovic, Billy Tan, Richard Fiend, and Hi-Fi Color have handled the art on the issues so far. They're all absolutely stellar.

First Second Books publishing two volumes of *Secret Coders* this year.

I'm also knee-deep in a project that I'm writing and drawing. It's my first non-fiction graphic novel, about a high school basketball team that I followed for the 2014-2015 season. It will be called *Dragon Hoops*.

Reading Without Walls — A Great Way to Try Out New Comics!

DECEMBER 2016

BEST-SELLING COMIC: JUSTICE LEAGUE VS. SUICIDE SQUAD #1

The first major "event storyline" of DC's *Rebirth* era begins with a day Amanda Waller always knew would come: the Justice League discovers the existence of her government-sponsored black-ops team of super-villains, the Suicide Squad! Obviously Batman, Superman, and the rest of the league take issue with Waller giving a band of villains free-reign in the world (even with micro explosive charges implanted in each member), so you can be sure that there will be trouble a-plenty in this weekly series!
